OUTLINES.

The Sundry Civil Appropriation Bill agreed upon by the House Committee yesterday carries $200,000 for the improvement of Cape Fear River and $40,000 for a public building at Elizabeth City, N. C.; the appropriation for the Panama canal is $25,460,991——At Tallulah, La., at midnight Robert T. Rogers, a white man who murdered a merchant, was lynched by a mob——In the Senate yesterday Senator Simmons opposed an amendment striking out his amendment giving the Post master General discretion in expending the Southern Railway mail subsidy——The revolution in Guatemala is well organized and fighting is reported, with successes for the rebels, but a dispatch from the government side states that the uprising is suppressed——Chairman Shonts of the Panama Canal Commission, is in Atlanta and denies the report that he intends to resign——Elaborate preparations are being made at Madrid for the marriage of King Alfonso and the Princess Ina of Battenberg——Dr. S. R. Sayers, a prominent Virginia, was found dead in a Chicago hotel yesterday, with a bullet through his heart and his wrist severed——The Senate yesterday passed the Postoffice Appropriation bill, carrying $192,495,000 —— President Roosevelt yesterday issued a proclamation calling upon the Governors of States and Territories to participate in the Jamestown Exposition——The Tennessee Democratic State convention met in Nasheville yesterday and was the most turbulent ever held in the State; free fights and pandemonium reigned——New York markets: Money on call steady, 2 1-2 to 4 1-2 per cent., ruling rate 4, closing bid 2, offered at 2 12, spot cotton 20 points lower, closing quiet 11.70; flour steady but quiet; wheat steady, No. 2 red, 93 1-2 nominal elevator; corn firm, No. 2, 57 1-2 nominal elevator; oats steady, mixed, 39 14; turpentine firm 60 1-2 to 61; rosin steady.

Senator Burton, of Kansas, ought certainly see the advantage of going to jail for his six months term while a political campaign is on.

A writer in a lady's magazine asks: "Should a lady squeeze herself in a street car?" Well we should say not. No gentleman will let a lady squeeze herself anywhere.

Pauline, Daisy, Gladys, Edyth, and Gwendolyn have their seaside dresses about finished and will pack up in a few weeks for the Summer conquests at the seaside.

Senator Daniel yesterday reported from the Senate Committee on Industrial Exposition his bill appropriating $375,000 for the Jamestown Tercentennial Exposition to be held on the shores of Hampton Roads.

Muck raking appears to have been transferred from exploitation "on paper" in the magazines to the Interstate oCmmerce Commission which does business in a lid-lifting way that is practical.

It is mighty hard to keep up with all the trusts that are being prosecuted. The Bridge Trust has been hauled up in court at Iima, O., and the evidence shows that the bridges furnished to the county were steel and that everything about the contracts was steal.

General Nogi, the Japanese commander at the long seige of Port Arthur, does not believe the statement sent from Russia that General Stoessell, the defender of the place, has been court martialed and sentenced to be shot. Nogi declares that Stoessell made a gallant defense and did his duty faithfully. Nogi ought to know. We do not suppose that the world takes much stock in the Russian rumor.

Senator Quay has been dead only two years last Monday, and yet events have been so stirring in those two years that many people will be almost ready to believe that it has been years since Math Quay was such a conspicuous figure in American politics. Man is in the limelight to-day and lost sight of in the shadow of the grave tomorrow.

Remarks the Norfolk Virginian-Pilot: since Matt Quay was such a conspicuduty on denaturaed alcohol so that Standard Oil might have competition. Mr. Aldrich (father-in-law of a Rockefeller) reports the alcohol bill so amended that alcohol cannot compete with kerosene. What a farce it all is!" What else did you expect? Our esteemed contemporary forgets that it knew that it is so Republican to always look out for special interests and let the people do the whistling.

Mr. Duffy's Interesting Interview Regarding New Hanover Convict Matter

PLEASED WITH THE OUTLOOK

Vigorously Expresses Himself in Regard to False Reports Being Circulated in Duplin—Plain Statement of All the Facts.

Solicitor Rodolph Duffy arrived yesterday from his home at Catharine Lake, Onslow county. Mr. Duffy was cordially received by his numerous friends in New Hanover, many of whom were interested and naturally asked about the progress of his campaign for re-nomination. Mr. Duffy was very modest in referring to the matter, which in the nature of the case, is somewhat personal, but he expressed satisfaction at the development of his strength in the several counties in the district.

Mr. Duffy said he recognized that he was in the county of his opponent, so to speak, and was averse to talking for publication. He said, however, in the course of an interview that his attention had been called to a report that is being circulated in Duplin and said to have come from New Hanover, to the effect that he as State's attorney, acquiesced in the quashing of an investigation instituted here by the grand jury some months ago, concerning some alleged cruelties being practiced at the county convict camp, and that he failed to prosecute indictments after true bills had been returned by the grand jury of the county.

"This report is wholly untrue," said Mr. Duffy. "You will remember that complaint came to me by letter from Mr. Preston Cumming, of Wilmington, to the effect that outrages were being perpetrated upon the prisoners at the camp. At the next term of court I gave the letter of Mr. Cumming to the foreman of the grand jury and had Mr. Cumming brought before that body. As a result of this action, certain charges were preferred. Mr. Marsden Bellamy, county attorney, came into open court upon my presentation of those charges and stated that the commissioners not only requested but demanded the fullest investigation of the alleged cruelties. Correspondence was begun with the State Board of Charities about the matter of abuses and as a result an investigation followed, lasting ten days or two weeks. Every complainant testified under oath and a stenographic report of the testimony was taken, which with a copy of the findings thereon, is now on file in the office of the Register of Deeds of New Hanover county. A copy was also mailed to the State Board of Charities at Raleigh. The State Board of Charities also had its representatives to inquire into conditions there. Both reports of the investigation were a complete vindication of those in charge of the camp and an absolute refutation of the charges against them.

"I am at a loss to know how this report originated," concluded Mr. Duffy, "for it is wholly without foundation."

Mr. Duffy spent some time while in the city conferring with friends. He expects to return to Catherine Lake to-day.

Couldn't Resist "Rabbit Foot."

In Justice Bornemann's Court yesterday William Howe, a well known colored man was charged with slapping Frank Onslow down on the night of the "Rabbit Foot Show," on Sixth and Red Cross streets. Onslow's mother was trying to persuade her son away from the show, but the "Rabbit Foot' was a name to conjure the boy, and he wouldn't listen to the maternal entreaties. Howe saw the son about to break away for the show grounds and slapped him down. He was let off with the costs in the court yesterday.

ADVISORY COMMITTEE NAMED

Chairman Boney, of County Convention, Confirms Reports as to His Appointment of Members.

Chairman G. J. Boney, of the recent Democratic County Convention, on yesterday officially confirmed the report published several days ago in regard to the appointment of his advisory committee from the several wards to assist him in naming the delegates to the State and district conventions. The list of members of the advisory committee are just as given previously, viz:

First Ward—C. L. Spencer.
Second Ward—R. A. Parsley.
Third Ward—J. A. Taylor.
Fourth Ward—R. W. Price.
Fifth Ward—M. Marshburn.
County at Large—C. W. Bishop, of Masonboro.

Mr. Boney said he had received acceptances from all but one of the members and was certain that the sixth man would accept. He said that the committee had not yet been called together for a conference over the appointment of the delegates and Mr. Boney said he could not say when such a meeting would be called. However, he intimated it as his opinion that at the meeting and in the making up of the list of delegates every candidate would receive his just proportion of his strength in the county as it may appear to the committee. The delegates will be named in plenty of time, Mr. Boney said, "for all of them to get their 'biled' shirts out and be prepared to take in the conventions."

ARSON CASE DISMISSED.

Foreigner Arrested In Connection With Sound Fire Discharged.

John Restedes, the foreigner arrested Saturday on suspicion of having set fire to and burned the oyster roasting establishment of Mr. J. F. Mason, on Wrightsville Sound, was given preliminary trial before Justice Furlong at 10 o'clock yesterday morning, but the evidence against him was insufficient to show probable cause and he was discharged. All the matters were gone carefully into but there was not the slightest evidence tending to convict beyond the fact that the foreigner was loitering around the Sound the afternoon and night of the fire.

Five or six witnesses were examined for the State, including Mr. W. I. Taylor, who had such a narrow escape from the burning building. The defendant was represented by Walter P. Gafford, Esq., and was not put on the stand at all. After having been given his liberty, Restedes was shown the way to the depot by his counsel and it is presumed he went back north on the train last night.

DRUG STORE CHANGE.

Mr. Frank Jarman Purchases Ahren's Pharmacy on Princess Street.

Mr. J. Frank Jarman, the well known young pharmacist, for several years with Mr. John H. Hardin, on South Front street, yesterday completed negotiations which have been pending for some time for the purchase of the retail drug business of Mr. Adolph G. Ahrens, on Princess street. Mr. Jarman will assume control to-day.

Mr. Ahrens retires to devote all his time with Mr. Eduard Ahrens to the wholesale drug business of Ahrens Brothers, on Market street, which is now open. Mr. Ahrens built up a fine business on Princess street and Mr. Jarman is to be congratulated upon securing such a desirable location and select trade. He will at once replenish the stock and make his place one of the first of its kind in the city. He will have a competent corps of assistants whom he is now engaging.

Messrs. Lynch and Stafford, who have been with Mr. Ahrens on Princess street, will be with Ahrens Brothers, on Market street.

ELKS TO FLORENCE.

New Lodge Will Be Instituted There This Week.

Yesterday afternoon's Florence Times has the following:

"The Elks and prospective Elks are getting very busy to-day. They expect a lot of company for the next day or two. Elks from Columbia, Charleston, Savannah, Wilmington, and Sumter will gather for the institution of the new lodge here. A very elegant banquet is to be served the visitors at the Central hotel, which will be a little bit the finest banquet ever served by that hotel which is rapidly making a reputation for fine catering. The new lodge will be instituted this week and will be composed of a number of the leading business and professional men of the city."

BASE BALL SEASON

Opening of City League Season at Hilton Park Saturday Afternoon

TEAMS IN READINESS

Good Games Are in Prospect and a Clean Article of the Sport—Personnel of Teams, Their Equipment, Etc—Other Notes.

The pennant chase in the City Baseball League will begin with two games next Saturday afternoon at Hilton Park and from then until the season closes there will be "something doing" among the local cranks. An erroneous idea has gained a foothold in the community that the teams of the City League are composed of mere boy players but this idea will be quickly dispelled by a glance at the personnel of the teams as they take positions for the opening game next Saturday. There is some fine material among the teams and a good article of the sport is promised. The men are rapidly getting in trim for the opening games and the grounds have been put in the best of order.

It has been decided by the league management to charge no admission to the games on account of the poor condition of the ball enclosure but each afternoon an opportunity will afford itself to everyone to contribute something to the life of the sport, which will prove so much diversion during the heated period. All funds accrueing will be used in defraying the expenses of the games.

The teams have been nicely uniformed and will present a professional appearance on the field. The colors are: Y. M. C. A., pearl grey with black trimming. Monarchs, grey with red trimmings. Giants, blue with red trimmings, and the Rattlers, black with old gold trimimngs. Each team has a full equipment of balls and bats and all other paraphernalia. The personnel of the teams is as follows:

Y. M. C. A.—Lacy King, Ferdinand Duls, R. P. Houston, Louis Orrell (captain), Louis Belden, Herbert Kendall, Adrian Rhodes, W. L. King, J. U. King T. L. Cromartie Bryan Newkirk, Fred. Hutaff, B. H. Houston, Jr.

Monarchs—G. D. Ashe, L. J. Poisson, M. B. Moore, W. I. Gore, G. C. Jackson, F. Williams, H. L. O'Neill, H K. Nash, J. Q. Meyers (captain), B. O'Neil, C. J. LeGrand, E. C. Hines, A. McKoy.

Giants—C. F. Gore (captain), D. W. Seifert, D. O. Brinkley, B. J. Thees, W. J. Lacy, L. V. Lacy, F. W. Gerken, J. A. Croom, T. O. Green, C. W. Davis, Chas. Hall.

Rattlers—J. E. Wilkinson, F. Brittain, E. S. Bulluck, A. T. Sallings, H. R. Gordon, T. P. Taylor (captain), A. M. Alderman, C. C. Davis, B. W. Keen, Geo. Moore, L. M. Hewlett, C. L. Terry, L. N. Jewell.

There will be two games each Saturday afternoon. A schedule has been arranged which includes 24 games, each team playing the other four times. A pennant has been awarded by the firm of A. G. Spalding & Bros., of New York. The first games next Saturday will be Y. M. C. A. vs. Giants and Monarchs vs. Rattlers. The first game will be played at 3 o'clock and the second at 5 o'clock. These hours will be strictly observed, as a rule has been adopted by the teams to the effect that if a team is not on the field ready to play within ten minutes of the schedule time, it will forfeit the game to its opponents.

Only gentlemanly conduct will be tolerated on the grounds and the lady friends of the teams are especially invited to witness the exhibitions. The Consolidated Company has agreed to run cars near the park as possible and wagonettes and hacks will be used to transfer passengers from the terminals to the grounds. An additional number of vehicles will find it profitable to be on hand as the season progresses, for the games promise to be well patornized. The wonder is that the Consolidated Company is so short-sighted that it does not see that an extension of the car line all the way to the park would pay handsomely in one season.

Littleton College, Littleton, N. C., and Louise Cottage Willoughby Beach, Va., will both be opened June 15th as Summer hotels. The Fall term of Littleton College will begin September 19th. Summer work at the College, at Louise Cottage or at home will be offered to 20 young women who make immediate application. Address J. M. Rhodes, Littleton, N. C.

Durham, Young Man Attempts Suicide. Important Conference of Freight Officials.

(Special Star Telegram.)

Raleigh, N. C., May 29.—H. E. Lumley, a young drug clerk of Durham, attempted to commit suicide last night in the Yarborough Hotel by taking nux vomica, chloroform, tincture of arnica and other poisons. The most heroic treatment by physicians have succeeded in reviving him and sustaining life thus far but he is not yet out of danger. His mother is matron of Trinity College at Durham and has been summoned here to be with her son. The young man was found unconscious in his room by one of the attaches of the hotel this morning with evidences of his having taken the drugs mentioned above.

Young Lumley was sufficiently resuscitated this afternoon to admit of his being removed to Rex Hospital where he is in a precarious condition tonight. He is unable to make any statement as to his attempt at suicide. Information is received from Durham that the young man had a falling out of some sort with his employer yesterday afternoon and this must have actuated him.

Traffic Managers C. R. Capps, of the Seaboard Air Line, R. A. Brand, of the Atlantic Coast Line, and L. Green, of the Southern Railway, before the Corporation Commission today filed a petition for adoption of what is known in shipping circles as "Southern Classification" of freights which they ask the Commission to substitute for schedules of freights now in force in this State. The railroad officials claim the Southern Classification will show more reductions than raises in freight rates. The schedules filed, showing the Southern Clasification and a comparasion with the schedules now in force, make a volume of 60 pages. The Commission will order a hearing of both sides before taking action.

The Supreme Court adjourned for the term this morning after a conference during which it handed down an opinion in the only appeal remaining on the docket for the term. This was in the City of Hickory vs. Southern Railway Company and sustains an injunction on the part of the town of Hickory against the Southern, restraining the railroad from enlarging its freight depot in the center of town. The court declares that the railroad should remove all their depot facilities out of center of town in accordance with order of Corporation Commission.

DAMON AND PYTHIAS.

Big Benefit Performance of Sweet Story To-Morrow Night.

The reserved seat sale for "Damon and Pythias" on Thursday evening will open this morning at Plummer's. A great many tickets have been sold and a full house is predicted. The cast is in fine shape and everything is in readiness.

The play was put on in Columbia, S. C., last February with great success, at the time of the visit there of the Supreme Chancellor, Mr. D'Oize being assisted by local talent. A very large crowd of visiting Pythians was present and expressed great pleasure at the rendition. Capt. Thos. D. Meares, Supreme Master of Exchequer, of this city, witnessed the performance, and states that it was unusually good; in fact, equal to any he had ever seen of the play. Music for the production here will be by Hollowbush's Orchestra.

THE WADESBORO LYNCHERS.

Judge Neal, of Scotland, Will Begin Investigation.

Raleigh, N. C., May 29.—It develops that Judge Shaw of Greensboro is unable, on account of sickness in his home, to go in accordance with the direction of Governor Glenn to Wadesboro and institute an investigation of the lynching of J. V. Johnson there yesterday with a view to punishing the lynchers. The governor has wired Judge Walter Neal, of Scotland county, to go, and the latter answered that he would do so to-day. The Governor proposes to have every effort possible put forth to discover and punish the lynchers. Judge Neal left last night for Wadesboro and will begin his investigation with Solicitor L. D. Robinson to-morrow morning.

Police Court Yesterday.

There were only two defendants for the "thoughtful consideration" of the Mayor in the municipal court yesterday. Will Townsend and Willie McMillan, both colored, had a fight at Fourth and Swan streets, early Monday night and were "run in" by Officers M. E. Guy and Leon George. McMillan was found not the agressor and was discharged. Townsend, however, was regarded as a dangerous character in the community and was given 30 days on the roads for an affray and 30 days for vagrancy.

MUCH EVIDENCE IN

Damage Suit of Wilson Against Railroad Continues in The Superior Court

COMPLETE THE TRIAL TO-DAY

Both Plaintiff and Defendant Had Turn at The Jury Yesterday in Two Long Sessions—Argument Probably This Afternoon.

The interesting damage suit of Charles D. Willson against the Atlantic Coast Line will probably be completed in the Superior Court this morning or early this afternoon. The jury in the case was completed with the selection of Mr. N. M. McEachern upon the convening of the session yesterday morning at 9:30 o'clock and the remainder of the day was consumed in the reading of the pleadings and the hearing of testimony on both sides. The plaintiff rested its case early in the afternoon and the defendant was nearly through with its direct testimony when court took a recess for the day a little after 6 o'clock in the evening. Each side has one or two more witnesses to offer and argument to the jury will then begin.

When court met yesterday morning, Mr. W. T. Sears, who had been objected to as a juror by the plaintiff on account of his not being a freeholder, presented the paper as to his possession of certain lands, which paper was found to be a lease instead of a deed in fee simple. He was, therefore, discharged as a juror. Only three talesmen had been summoned for the morning—Messrs. N. M. McEachern, C. O. Byerly and John H. Hewett. Mr. McEachern was the first of the three called and he was at once taken, constituting the complete jury as follows: J. A. Applewhite, M. H. P. Clark, J. D. Woody, Jr., B. C. Bordeaux, R. C. Orrell, H. W. Howell, T. J. Pratt, A. L. McNorton, E. J. Harrison, T. W. Wood, R. V. Leonard and N. M. McEachern.

After the reading of the pleadings, the first witness called was Mr. C. E. Vale, the photographer, who submitted a photographic view of the Nutt street railroad crossing where the accident occurred. The view was from the bridge at the passenger station and the photographs were put in evidence.

Mr. Chas. D. Willson, the plaintiff, was next introduced. He gave evidences of deafness and in reply to question of his attorneys, admitted that he was deaf, but said that on the morning of the accident, he was not so deaf as he is now; that on the morning of Jan. 19th, 1905, while returning from Hall & Pearsall's, where he had been on business as travelling salesman for the Consumers Biscuit Company, of Baltimore, he had occasion to cross the tracks of the Atlantic Coast Line extending over Nutt street; he had just crossed all but two of the tracks and seeing cars to the east of him on one of the tracks and being deaf, he stopped and looked in all directions; that he started to cross and was just getting over the last rail when he was struck by the end of a flat car that he had previously noted not in motion on one of the tracks. He remembers distinctly having heard no signals and there was no man on the end of the car to give warning. Mr. Hankins, the flagman on the crossing, was in the yardmaster's office some distance away. Testifying as to his injuries, Mr. Willson says the ligaments in his foot were crushed while several bones were broken in the foot, two ribs were broken and he suffered other injuries, the nature of which he detailed.

Henry Quinn, a colored boy employed at the compress, witnessed the accident and afterwards assisted Mr. Willson with his sample cases to Mr. Gieschen's, at Front and Red Cross streets, where a physician was summoned.

Mr. Henry Gieschen told of Mr. Willson's arrival there and his having secured a room at the Atlantic Inn, where Dr. W. J. H. Bellamy and Dr. Russell Bellamy, of New York, attended him. Mr. Gieschen also testified as to conditions on the Nutt street crossing of the A. C. L., his place of business being near that centre of traffic.

Dr. Bellamy, of Wilmington, and Dr. Russell Bellamy, of New York, next testified as experts as to having attended Mr. Willson at the Atlantic Inn and subsequently at the home of his brother, Mr. James E. Willson, in this city. Both said that from the symptoms of Mr. Willson, the injuries were serious and permanent.

The record of the Board of Aldermen was introduced to show that Nutt street had been opened as a street and made public under condemnation proceedings as early as 1873—a fact denied by defendants in their answer

LET THE CANDIDATES SPEAK.

The people of North Carolina are getting tired as well as humiliated by hearing of the unfortunate insane confined in common prison cells for lack of room in the State hospitals where they can be properly treated instead of their condition being made more deplorable by imprisonment in common jails of more or less filthy condition. There is certainly a popular revulsion against confining the unfortunates with the criminals, and if the next General Assembly doesn't do something; the people will be pretty apt to be heard from. They ought to be heard from, at any arte.

The Salisbury Evening Post (Dem.) "If North Carolina is too poor to care for its insane, too poor to save the little ones of tender years from shame that begets crime, too parsimonious to do those things which the laws of God and humanity require it should go into bankruptcy and take a fresh start."

The Raleigh Evening Times (Dem.) using the heading which we have, adds this comment to that of the Post:

puts it strongly when it says:

"But the Wilkes Patriot does not subscribe to that view, and it is right, for North Carolina is not so poor as all that. It happens that some of our great men are unmindful of the duty and obligations which rest upon them, yet in time they may see the error of their way. As the Patriot well says the State was not too poor to add an extra thousand dollars to the salary of the Governor; not too poor to add another thousand to that of the secretary of state; not too poor to create four new judgeships and increase the salary of all the judges, nor too poor to permit the management of the Atlantic & North Carolina squander and appropriate untold thousands.

"Suppose the funds were squandered? Let it go at that. There is nothing to be gained even by way of argument in searching the record, for we believe that the people see that something must be done to care for the indigent insane. We cannot have them suffer and die without the comforts which the laws of God and man demand that we give. While the candidates are announcing their platforms they should show where they stand on this asylum question, because the people of this State will not object to extra taxation, even if it means that, to provide homes for the pauper lunatics who are crying to us for help."

The Wilkes Patriot from which the Times copies is a Republican paper, and we refer to the politics of the papers to show that Democrats and Republicans alike demand that something shall be done for the unfortunates who depend upon the State to alleviate their dreadful condition. It was only a few days ago that the Star copied from the Greensboro Industrial News (Rep.) an extract taking a stand similar to the esteemed exchanges mentioned, and every Democratic paper in the State has probably spoken on the same line. It is not a political question but a humane one, and The Star would like to see the Democratic State platform committed to better and larger hospitals for North Carolina's people who are the victims of misfortune.

THE TARIFF REFORM DINNER.

The people of this country ought to keep their eye on that tariff reform dinner to be given by the Reform Club in New York next Saturday evening at 7 o'clock in the Hotel Astor. There will be addresses by some able men who are qualified to speak on the subject, and we note among those who have accepted invitations the names of former Governor Wm. L. Douglas, the Massachusetts shoe manufacturer, Congressman Henry T. Rainey, of Illinois, and the Hon. John Sharp Williams, of Mississippi, Democratic leader of the House of Representatives. There will be something doing, and apt as not the first gun in the Democratic campaign will be fired.

It is getting to be time that the issue be joined squarely with the "stand patters," one of whom made so bold the other day to declare: "The commerce of the United States is healthy because the Republican party is in power." That is indeed bumptious. That "stand patter" would have the people believe that the Republican party has created the prosperity in Europe and all other parts of the world where the people are doing so well that they are able to buy largely of our cotton, pork, wheat, flour and other products.

People who stop to think know that foreign commerce depends on the ability of our foreign customers to buy from us, and when they cannot afford to buy what we produce our foreign commerce is dull. When our customers have money trade's good; when they haven't business is dull.

When the people of the United States are prosperous they import largely from Europe, when times are dull with us, Europe's commerce with us falls off. The prosperity of our customers creates the demand, and the energy of our people and the productiveness of our country supplies the demand. To a man up a tree, trade depends on those conditions and not on politics. The people depend on politics for good and economical government, and trade depends on the enterprise of the people and the resources of their country. Don't let any man get it into his head that prosperity comes from politics to any man except to the favored few for whose benefit all the people pay high tariff taxes that they can roll in fabulous wealth and organize trusts that defy the very government that creates them.

The people who vote for protection in this election will signify a willingness to pay high taxes for the benefit of the few who can already buy and sell them. It looks funny but people do that. It might be added that if a tax gatherer would stand by to collect the taxes directly on almost every commodity on which a man pays taxes indirectly when he is buying things to eat and wear and use, the tax collector would get it in the neck and there would be a revolution against the government that sent him out to commit the outrage of taking from the people whether they are poor or rich. The people do not object to enough tariff to make the government rich but it is time for them to raise a kick about a tariff that in numerous instances does not benefit the government but adds to the wealth of people who are laready plutocrats. Some people wonder why some men have millions of dollars where they have cents, and then go on voting for the system which to a great extent does that and explains it all.

CURRENT COMMENT.

—One of the railroad officials who accepted gifts of money from the coal companies admitted in a refreshing manner that he was out after the dust. —Washington Post.

—Chairman Adams is no new hand at matters political and our friends the enemy may expect a vigorous campaign.—Greensboro Industrial News (Rep.)

—The newspapers that predicted all sorts of a rain for the meeting of the Republican State Executive Committee are busy trying to formulate a plausible story explaining how the prediction failed to materialize.—Greensboro Industrial News (Rep.)

—President Castro, of Venezuela, is to resume the presidency which he handed over temporarily to the Vice-President. Perhaps the uprising in St. Domingo warned him that it was time to get back into the harness and down to business.—Philadelphia Press

—In other words Marion Butler set aside the president of his newspaper company and made his vice-president chairman of the Republican Executive Committee.—Raleigh Times.

—The proposition to remove the policemen from the White House and place soldiers on guard has not met with great favor. In view of the stories being told, a detachment of marines would seem more appropriate.—Washington Post.

—The members of the Southern Cotton Association are very conservative people when compared with the tobacco planters in Kentucky. A recent dispatch from Lexington says: "Bitter night warfare with the Dark Tobacco organization in west Kentucky may compel the calling out of the State Gaurd. The organization was formed to keep prices up, and has adopted the expedient of uprooting the crops of those who would not join. The lone hands retorted in kind. Thousand-dollar rewards are offered for the capture of persons who have destroyed thousands of square yards of tobacco fields within two days. Armed guards have been mounted and bloodshed is looked for." A thing like that could have happened only in Kentucky. In Robeson county, this State, when the farmers found they were "over-cropped" on cotton, they resolved to cut out a certain percentage, and they did so. But the idea of a Black Hand or any other sort of an organization turning out and digging up their crops would not go in North Carolina.—Charlotte Chronicle.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Invaluable to sufferers from asthma, bronchitis or throat troubles. Contain nothing injurious.

THE SHAPE OF THE SUN.

Professor C. L. Poor as the result of careful study of heliometer measurements confirmed by that of solar photographs makes the remarkable suggestion that the sun periodically changes its figure, being sometimes an oblate spheroid, like the earth, with its equatorial diameter exceeding the polar and sometimes a prolate spheroid, having a greater polar than equatorial diameter. His idea is that the solar globe is to be regarded as a vibrating body, having an equatorial diameter on the average slightly in excess of the polar, but changing at certain times so that the ratio of the two diameters is temporarily reversed. The period of variability, he thinks, is the same as the sun spot period. The changes of figure, if they really occur, are so small that only the most delicate observations can make them manifest, but, affecting a body of such supreme importance as the sun, they must possess much scientific interest.

Fortunes Paid For Famous Pictures.

The greatest sale of pictures by American artists was that of the Thomas B. Clark collection in 1899, when George Inness' "Grey Lowery Day" was knocked down for $10,150, the highest price ever paid for the work of an American painter at public sale, and the W. T. Evans' collection in 1900. This brought $159,340. Since then P. C. Hanford's one night's sale brought $124,135; E. J. Milliken's twenty-six paintings, $128,328 in one evening; the F. O. Matthiesen's two nights' sale, $348,780; the Mrs. Warren collection, $345,025, and the D. C. Lyall collection reached a total of $244,900. The Mrs. Warren sale was noted for one of the most remarkable advances in the cost of a painting ever recorded in America. In 1889 Knoedler & Co. sold her a "Shepherdess," by Millet, for $800. They bought it back at the sale of her collection, fourteen years later, and paid $24,500 for it. —Leslie's Weekly.

A Tax on Vanity.

The American colony in Rome is suffering from a tax on vanity. The municipal authorities have increased the income tax of American residents not on any actual return of income, but based entirely on external symptoms of the wealth of every inhabitant. The tax agent goes through the files of all the local society papers, and as it is found that the Americans in society like to have their dances and dinners noted in the papers the agent simply taxes the Americans in accordance with their social prominence and the luxury of their entertainments. The English have learned this clever move of the tax collector, and they keep out of the papers.—Argonaut.

Greatest of Chain Cables.

What are said to be the largest chain cables ever made for ships' use have been turned out in south Wales for the new quadruple screw turbine Cunarders. The iron bar used in making the links is three and three-quarter inches in diameter at the smallest part. Each link is about twenty-two and one-quarter inches long and weighs about 160 pounds. When tested for strength, the breaking stress of 265.7 tons required by law, instead of fracturing these gigantic links, simply elongated them about an inch. With the highest stress that the testing machine could give, about 370 tons, the links showed no signs of cracks or fracture.

European School Holidays.

The Russian schoolboy has the best time as regards holidays, for the education authorities allow four weeks in spring, five weeks in summer, a fortnight in autumn and a fortnight in winter. In most other continental countries practically all the holidays are taken in the summer, only a very few days being granted for the New Year and Easter. In France the summer vacation lasts from Aug. 1 to Oct. 1; in Austria, from July 15 to Sept. 15; in Greece, from Aug. 1 to Sept. 20; in Norway, from July 5 to Aug. 25; in Turkey, from the end of June to the middle of August.

Raising Sunken Ships.

Sunken ships may now be refloated by means of acetylene gas. An experiment was tried successfully on a ten ton boat in the river Seine. The boat was raised by means of small balloons inflated below the water with acetylene gas generated from the solid carbide of calcium. The inventor, M. Ducasse, professes to foresee the application of the invention to ships to prevent their foundering in collisions.

SPIRITS TURPENTINE

—Charlotte is to have Summer theatricals, beginning June 4th in Latta Park.

—Louisburg mourns the death of Miss Elizabeth Cooke, daughter of Judge and Mrs. C. M. Cooke.

—A county Republican cnventin is to be called to nominate a full county ticket in Craven county. The executive committee will meet June 4th to issue the call for the county. Congressional and judicial conventions.

—The large mercantile establishment of M. Levi, at Rutherfordton, was burned at 2:30 A. M. Monday. The value of stock is estimated at $35,000 and the building at $10,000, with not enough insurance to cover all the loss.

—Among the petitions filed from all over the United States, in the Senate on Monday, protesting against the retention of Mormon Senator Reed Smoot, was one sent up by Senator Simmons with the names of 2,098 North Carolina women signed to it. These petitions will be presented from every State and territory in the Union.

—Durham special, May 28: Yesterday the remains of a baby were found in the woods near East Durham, there being nothing left but the bones, the skull bone showing that the person was evidently a small child. The body had been disposed of by being placed in a box, which was partially buried. There is no clue as to who the dead baby was or who left the remains in the piece of woods. No inquest was held.

—Mount Airy special May 28: John Bray, a painter of this city, eloped with his brother's wife, who was his wife's sister, Saturday. They left on the noon train last Saturday and there is no trace of them since leaving Rural Hall. Bray leaves a wife in this city, who disclaims any knowledge of their whereabouts. The husband of the eloping woman firmly believes that the couple has departed for good, for only a short time ago, he alleges, they had him put in jail for alleged disorderly conduct and placed under a bond to keep the peace.

—A dispatch from Durham says: "Saturday afternoon Democratic precinct meetings were held at each of the voting precincts in the county. At these meetings precinct committees were elected and delegates named to make up the county convention next Saturday. This convention will be for the purpose of electing delegates to the State judicial and Congressional conventions. Most of the delegates named Saturday were instructed to cast their votes for men who will support J. Crawford Biggs for judge. He isa candidate for the place now held by Judge Shaw. He will get the solid vote of this county."

—Salisbury special, May 28: Thomas Brown and John Farley, two young men of this city, were lodged in jail here today on the charge of burglary. The two men were identified by W. M. Davis, proprietor of the Gem Restaurant here, whose room was entered and robbed last night of $40, a watch and pistol. The robbers ran, but were pursued by Mr. Davis and later arrested by officers upon a description given by him. Both Brown and Farley are bad characters, and the former had recently been released from the State penitentiary. They were given a hearing this afternoon and sent to jail without bond to await trial for their lives at the next term of Superior Court.

—Charlotte News, May 28: The News today records the death of the oldest person, white or black in Mecklenburg county. Aunt Jane Porter better known as "Granny" Porter died at the home of her daughter, on Mrs. Gussie Kirkpatrick's place yesterday. The body was laid to rest today at Myrtle Church, in Providence township, where for many generations her people have been buried. The deceased was 110 years old, her last birthday. Up to ten days ago "Granny" Porter, was in her usual good health. She went from house to house on the farm, just as she had been doing for many, long years. The old negress was a faithful servant and a tried and true friend. She was loved by both white and black. Today, many of her white friends attended the last sad rites and quite a number carried with them floral offerings to be placed on the grave of the faithful old servant.

—Durham special, May 28: The Board of City Alderman have petitioned the State Corporation Commission asking that an order be made directing the Southern road to make two underground crossings—one at Gregson street and the other at Alston avenue. At the Gregson street crossing there is now a narrow underground way but the Aldermen want a street of regular width with sidewalks under the road. The same is wanted at the other crossing. This move was decided on at a recent meeting of the Aldermen but was kept quiet. This petition is made under the provisions of a bill that became a law at the last session of the Legislature, giving the Commission power to order these crossing and also to say who shall bear the expense, whether by the railroad, by the city or both jointly. The petition is that the order be made and that the railroad company should stand the cost. It is certain almost that the railroad will contest the matter. Nothing has been done as yet, by either side, with the exception of the city authorities filing the formal petition.

—Writing about the announcement that Senator Carter, of Montana, and Secretaries Cortelyou and Taft will attend the Republican State convention at Greensboro, July 10th, Mr. T. J. Pence writes to the Raleigh News and Observer from Washington: "It is said that ex-Senator Butler arranged for the visit of the three big Republican wigs to the convention, and that there was great rejoicing among the faithful when he unfolded his plans. As for the meeting of the State committee organization people here say that Congressman Blackburn was beaten at every turn. The claim that Mr. Blackburn had anything to do with the choice of a date is characterized as absurd. Speaking of the choice of date for the convention, R. M. McNeill said today. "With reference to the selection of a date for the convention, I knew as matter of fact that State Chairman Rollins and National Committeeman Duncan called personally upon Secretary of War Taft and Postmaster General Cortelyou, and urged both of them to attend at a date in the early part of July. Both cabinet officials said they could not be present later than July 10th, but if the date was fixed at that time both could and would be present. Messrs. Rollins and Duncan left Washington intending to urge this date for the convenience of the two cabinet officials and did so and both will be present."

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when uinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of Eight South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all pulled up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only two glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At all drug stores. 50 cents.

SCHEDULE ON SATURDAY.

Season at Lumina In Full Swing After That Date.

The Summer schedule of the Consolidated Company will go into effect Saturday and beginning that date two concerts daily will be given by the orchestra at 4 P. M. and 8:30 P. M. The attractive pleasure pavilion, Lumina, promises to be more popular this season than ever. The series of mid-week and week-end dances have already been inaugurated and are proving a source of much delight to the young people. The enlargement on the ocean side will be a delightful promenade and will very much increase the seating capacity of the place, besides affording a safe and pleasant playground for the little folks underneath.

The orchestra at Lumina this year promises to be better and brighter than ever. Prof. Jno. F. Kneisel, the leader, has signed a competent corps of first-class musicians and they are rapidly getting into shape for the season. An added feature to the orchestra this season wil be the appearance of the men in bright, new military uniforms which arrived yesterday. The orchestra in the bright, chic costumes will attract much attention on the beach this season.

TRANSFERS OF PROPERTY.

Two Deeds Filed for Record at Court House Yesterday.

Wm. E. Worth to Mrs. Nellie S. Worth, his wife, for $1.00 and the natural love and affection of a husband for a wife, property on Red Cross, 88 feet east of Second street, 52x58 feet in size, more or less.

Martha Johnson to H. D. Stanland, for $700, property on south side of Ann, 137 feet east of Sixth street, 33x66 feet in size.

Trap Shoot at Carolina Beach.

Under the auspices of the Wilmington Gun Club a series of trap shoots has been arranged for Carolina Beach. Capt. John W. Harper will install traps just west of the pavilion and the range will be an excellent one. A series of competitive shoots with a team from Southport will take place there. The first of these will take place on Friday afternoon and it will prove an attractive feature of the Boys' Brigade excursion to Carolina Beach on that date.

Biddle Men Organizing.

A report from Fifth Ward states that friends and supporters of Mr. W. H. Biddle, for sheriff, met at Fourth and Queen streets to the number of 163 last night and organized a W. H. Biddle Club with Mr. B. F. Swann as president. Mr. Swann states that a Biddle Club will be organized in each ward in the city and that regular meetings will be held until after the primaries, Sept. 19th.

Married Yesterday Afternoon.

At the Register House, No. 115 Market street, at 3 o'clock yesterday afternoon, Rev. N. M. Watson, pastor of Grace Church, in the presence of a few friends, united in marriage Miss Berta Johnson, the attractive young daughter of Mr. David Johnson, of Willard, N. C., and Mr. George F. Chenault, of Enfield, Va. Mr. and Mrs. Chenault leave on the northbound train this morning for a bridal trip.

Opening at Tarrymoore.

The splendid Hotel Tarrymoore, on Whightsville Beach, will open with a brilliant inaugural ball on Monday night of the coming week and the affair promises to attract an unusually large number of young people. The hotel orchestra, under the leadership of Prof, J. T. Martin, will have reported for duty by that time and good music is assured.

False Fire Alarm.

A false alarm of fire was turned in from box 19 at 10:53 o'clock last night. The box is at Eighth and Hanover and the firemen, who had a long run for nothing, would like to have gotten their hands on the fiend who caused the useless trouble. They have a clue, however, and are on the lookout for a repetition of the offence.

MUCH EVIDENCE IN

(Continued From First Page.)

to the complaint, but subsequently admitted by Mr. Davis when the facts became known to him. The records of the city were also introduced to show the existence of an ordinance requiring a flagman on the rear of all cars being moved backwards within the city limits.

Mr. Jesse Wilder, of the George L. Morton Company, testified as to the opening of Nutt street under condemnation proceedings in 1873, the owners at that time having been paid $4,000 for the property thus condemned as a public street. He also testified as to the heavy traffic over that street.

Mr. J. A. Taylor, president of the Chamber of Commerce, testified as to the volume of traffic moved over the crossing and its use as a public street.

Ex-Mayor Wm. E. Springer testified as to the traffic there and as to the use of the crossing as a public street. He was denied the privilege of answering a question as to any negotiations he had as Mayor with the railroad officials as to putting in a bridge or viaduct there to obviate the dangers of the place.

Mr. Frank S. Shepard, of the City Livery Co., also testified as to traffic conditions on the street in question.

The plaintiff rested and defendants made a motion to dismiss under the Hinsdale Act. The motion was overruled and testimony for the railroad was begun.

Press Strickland, a colored trainman, testified to the accident. He saw Mr. Willson coming with his head down, apparently taking no notice of cars moving on the yards. After the accident, he got up unassisted and proceeded on his way.

Wm. Sheehan, Sr., witnessed the accident. He heard the bell of the shifting engine ringing. Mr. Willson was walking fast and very erect. Mr. Willson was knocked down, but immediately jumped up, brushed off his clothes and went on. There was no flagman on the car.

Capt. Eugene Knight, on the engine, testified to the ringing of the bell and that the train of some fifteen cars was not moving over five miles an hour. He knew nothing of any accident until he heard of it later.

Mr. Hankins, the flagman, was the next witness. He didn't see the accident but heard the bell ringing and saw Mr. Willson pass a few minutes before. The burden of the cross-examination by plaintiff's attorneys was to show that it was impossible for one man to watch and give warnings for so many tracks.

There are one or two witnesses for each side and the case will go to the jury. The evidence is being taken in shorthand by Miss Estelle Shrier. Five thousand actual and $5,000 punitive damages are asked. The trial will be resumed at 9:30 o'clock this morning.

RALEIGH AND SOUTHPORT.

Interesting Railroad News From the State Capital.

The following interesting railroad news is taken from yesterday's Raleigh correspondence of the Charlotte Observer:

"The Raleigh & Southport Railway, now building into Fayetteville from here, is a much more important line, not only to Raleigh but to various railways, than the public imagines. The attitude of Mr. Mills and the other owners of the road has always been and is now one of absolute independence and frankness, and this has had no little effect upon the great railway system. This short line of road, as it now is, will give the Atlantic Coast Line entrance into Raleigh and the Southern and Seaboard roads entrance into Fayetteville, to which place it will also give admission to the Norfolk & Western, which can use the track of Mr. Duke's road from Durham to Dunn, which crosses, near Fuquay Springs, this county, the line of the Raleigh & Southport. The Raleigh & Southport will also give the Raleigh & Pamlico Sound Railway, which is a part of the now quite prominent Norfolk & Southern system, entrance to Fayetteville. With Mr. Mills all the roads are on equal footing. It was thought that his line would be finished into Fayetteville by the middle of June, but it will be perhaps a month later before it is completed, troubles about rights of way having caused the delays. It is not yet known, of course, whether this road will go to Southport or whether it will not get the benefit of the new road of which Mr. John Skelton Williams has taken charge and go on to Charleston, Mr. Williams' road, intending to use the Raleigh & Southern yards at Fayetteville."

For Disorder at Beach.

Upon a warrant sworn out by Capt. John W. Harper, of the steamer Wilmington, Messrs. George Newton and Tom Costin, two young white men, were before Justice Bornemann yesterday, charged with disorder Sunday afternoon and night on the beach, on the train over from the beach and on the boat coming up to Wilmington. They each gave bond for preliminary trial this afternoon at 5 o'clock.

Lumina Bowling Contest.

In the Lumina bowling contest last night the three highest scores were made as follows: R. C. Orr, 164; G. R. Holt, 154 and C. A. Dulin, 154. The three highest up to Saturday night at 9 o'clock will bowl after that hour for the $5 prize offered by the Consolidated Company.

—The Civil Service Commission announces that in this city, June 20th, an examination will be held for the position of deputy collector and inspector, in the Customs Service. The salary is $1,400 per annum.

—On account of National Memorial Day, holiday hours will be observed at the Wilmington postoffice to-day. The celebration of the day in this city will be confined exclusively to colored people under the auspices of J. C. Abbott Post, G. A. R.

—The firm of Sol. Bear & Co., wine manufacturers of this city, advertise for an unlimited quantity of blackberries and are paying the highest market prices for the fruit. See advertisement elsewhere in to-day's paper.

—The Baraca Class of Southside Baptist Church will give a reception and entertainment at the church, Fifth and Wooster streets, to-night at 8 o'clock. A very attractive programme has been arranged. The orchestra from the Second Advent Church will render music.

—Sumter Item: "Sumter Aerie of the Fraternal Order of Eagles will be instituted to-morrow night at 8 o'clock in the Lodge room of the Masonic Temple. The team of the Columbia Aerie will be over to do the work, and they will be assisted by a number of Eagles from Florence."

—The Summer festivities at Carolina Beach will be formally opened tomorrow evening by a mid-week dance. An excellent orchestra has been engaged and the dances, which were such a popular feature last season, will lack none of their charm to the young people who delight in them. The steamer Wilmington will leave her wharf at 7:45 o'clock.

Interesting Civil Suit.

In Justice Bornemann's court yesterday there was an interesting hearing in a civil action brought by Louis Goodman, assignee of the Wilmington Banking Co., against Jos. C. Shepard, Jr. Plaintiff sued to recover $198.50 and defendant put in a counterclaim of $195.02. The counter-claim was sustained and judgment was given for $3.48 from which the plaintiff took an appeal to the Superior Court. W. P. Gafford and L. V. Grady, Esqs. appeared for Mr. Shepard.

On to the Pest House.

Upon information received, Capt. Robert Green, chief quarantine officer, yesterday discovered the presence of smallpox among a colored family, that of Dave Brown, on Anderson, between Campbell and Red Cross streets. The man, his wife and two children were sent in double quick order to the pest house by Capt. Green.

KING ALFONSO WEDS TO-MORROW

Madrid in Blaze of Glory Over Nuptials of Royal Couple On Thursday

FOREIGN PRINCES ARRIVE

Such Spectacle of Royal Splendor Rarely Seen—Magnificent Dresses of Princesses—People of Spanish Capital Full of Gaiety.

By Cable to The Morning Star.

Madrid, May 29.—The prepartions for the marriage of King Alfonso and Princess Victoria (as Princess Ena of Battenberg is designated by the Spaniards) are fast approaching culmination with the arrival of foreign princess and envoys, the influx of vast throngs and the final adornment of streets and buildings.

Such a spectacle of royal splendor has seldom been seen as when the Princes coming to the wedding arrived this afternoon. The train of the Prince of Wales and the Archduke Francis Ferdinand, of Austria, arrived at 2:20 o'clock followed by the trains of Prince Albrecht of Prussia, the Grand Duke Vladimir, of Russia, Crown Prince Constantine of Greece, Prince Albert Leopold of Belgium, Prince Eugene of Sweden and many others. Awaiting the Princes were the royal family, the Infantas, the Captain General of Madrid, the Ministers and the Ambassadors. The ladies were bright in Summer silks, while the officials and ministers were respiendent with gold, lace and decorations. Trumpets blasts greeted the Prince of Wales and Archduke Francis Ferdinand. The former wore the uniform of a British general. The Princess of Walea, was exquisitely attired in a figurer silk gown, and the Archduke wort the white uniform of a general of hussars, with a silver helmet surmounted by a vivid green plume.

There was another shimmer of uniforms and dresses as the royal representatives of Germany, Russia and Greece arrived with their retinues.

Later there was a brilliant pageant as all the Princes and Princesses, with their retinues, proceeded to Pardo Palace where King Alfonso and Princess Victoria received throughout the remainder of the day. The Pardo Palace was the centre of the festivities to-night.

King Alfonso and his guests witnessed a performance at the Pardo theatre, one quaint feature of which was a tableau of an old Spanish marriage, suggestive to the nuptials which are to take on Thursday. William M. Collier, the American minister to Spain, was among the guests.

The streets to-night presented a spectacle of lurid color and packed with dense throngs of people in bright Summer attire, many of them wearing the picturesque costumes of Castile and Aragon. The streets along the route of the wedding cortege are ablaze with color from end to end, with floral arches, sunbursts of British and Spanish flags and garlands of roses looped on the balconies. Many buildings are surrounded with gigantic crowns which at night sparkle with electric lights.

roll call proceeded, every move marking a fresh contest. Once the chairman laid down the gavel and advanced to the front of the platform to make himself heard. When he turned around Luke Lea, of Davidson county, a Patterson supporter, and the gavel and was essaying to act as presiding officer. Abernethy protested. Lea was obdurate and from then on, there were two presiding officers and pandemonium on the floor. At length a council of war between the leaders brought about a temporary truce and adjournment followed.

MURDER OR SUICIDE, WHICH?

Prominent Virginia Physician Comes to Tragic Death in Chicago.

By Wire to The Morning Star.

Chicago, May 29—Dr. S. K. Sayers, of Richmond, Va., was found dead in a room in the Gault House to-day and had apparently committed suicide. An artery in the left wrist had been severed and a bullet from a revolver which was still held in right hand had been fired into the heart. Papers showing his identity and $500 in cash were found in the room. In registering he had signed the name "F. H. Smith, New York."

The man was well dressed and appanetly prosperous. He came to the hotel Saturday afternoon, went immediately to his room and was not seen outside of it since that time. The po- they were not entirely satisfied that while they were at first of the opinion that Dr. Sayres had committed suicide were not entirely satisfied that such was the case. The wound in the wrist was of a character such as would be inflicted by a surgeon's scalpel. This instrument could not be found when it was looked for, and it was then believed possible that the man had been murdered. Detectives were at once placed at work on the case.

Wytheville, Va., Dr. S. R. Sayers, Jr., who was found dead to-day in a Chicago hotel, is well known in this section. He was the son of Dr. S. R. Sayers, of Wytheville, who was formerly a member of the State legislature.

Dr. Sayres graduated from the medical department of the University of Virginia about five years ago, and for the past year has been practicing his profession at Pocahontas, Va. He was unmarried and about 30 years of age, and of temperate habits. The news of his sudden and tragic death was a great shock to his family and friends. It is said that he left home several weeks ago.

KISSING UPSETS WHOLE COLLEGE

Man Who Gave Student Away Ducked In Pond—Fifteen Young Men Dismissed From College.

Andover, Mass., May 27.—There is great excitement in Phillips-Andover Academy and about town just at present which will last for many months to come. It all started with a gentle kiss pressed upon the pretty lips of Miss Alice Huntley, an attractive waitress in Phillips Inn, a boarding place for Andover students, by Travers Brown, an ardent young student, and it ended in some fifteen students being expelled from the academy.

John Milton Stewart, the proprietor of the inn, bumped into young Brown and Miss Huntley in a dark corner of the Inn, exchanging kisses that ranged all the way from delicate little Puritan-like pecks to loud smacks. The average man with one drop of human feeling in his veins would have gazed longingly at the pair for a few seconds and would have gone away and not said a word.

But not so J. Milton. He promptly hurried to the faculty of the academy and told all he knew about Travers and his terrible crime of kissing one of his pretty waitresses. The faculty promptly expelled the student; the proprietor of the Inn discharged the girl.

The students, however, looked upon the affair in an entirely different light. There was no crime, they argued, in kissing a pretty girl if she were willing; in fact, it was the proper thing to do. But for a man to report to a faculty that a student had kissed a girl was the worst crime in the annals of the academy.

The students acted promptly. They disguised themselves, and, headed by a small German band playing "Onward Christian Soldiers" marched to the Inn. The proprietor stood on the piazza, smiling broadly, and sincerely believing it was a serenade in his honor.

One hundred students swarmed about the man who reported the kissing affair, and in less time than it takes to tell it he was carried, kicking and struggling to Babbit's pond, told why he was receiving the honors, and thrown head-first into the pond, while the band played "Throw Him Down, McClosky." Three times did Stewart's head appear above the water; three times he was shoved below until all fight and resistance were gone. Then he was lead ashore, and his straw hat, filled with mud and green ooze, was clapped on his head. A negro from the Inn started to rescue the proprietor, but in that crowd he lasted about one minute and was glad to escape with his clothing in shreds.

Stewart was escorted through the town and then told to go back to the Inn and discover more "kissers" at his peril. Stewart faithfully reported what had happened to him, and the faculty summoned over 200 students to tell what they knew of the affair. Fifteen were dismissed and it is probable that more will be.

The students will take action and present their side of the case.

Big Excursion to Fayetteville.

"All aboard for Fayetteville" is the cry of the wise and knowing ones—those who know that the $1.25 excursion to be given to Fayetteville on Monday, June 4th, is worth many times that amount. It is up to you to get in line, and be classed with those who know a good thing. This trip promises to be one of the most successful of the season. This big excursion will be under the management of Thomas H. Knight, which is a sufficient guarantee that it will be all that is promised. The conduct of his excursions is too well known for comment. Train leaves A. C. L. depot at 7:30 A. M., and will leave Fayetteville on the return at 10:00 P. M.

THE COCOON CRADLE

MODE OF WRAPPING UP THE LITTLE REDSKIN PAPOOSE.

Bead Bedecked Buckskin Bag In Which the Indian Baby Bunting Grows and Thrives—Origin of This Queer Cramped Cradle.

Fancy a tiny copper colored papoose buckled up snugly in a queer buckskin bag that resembles nothing in nature so much as the cozy cocoon cradle of a baby butterfly and then draw upon your imagination still further, picturing this odd receptacle swinging from the leafy canopy of an Indian wickiup or brush arbor, and you have before you an Indian baby and his wonderful cradle.

Gorgeous yellow butterflies and brown Kiowa babies are seldom linked together in song or story, yet in real life their wrappings while in the chrysalis state bear a remarkable resemblance to each other.

The cocoon cradle proper and its various modifications as found among the different tribes of North American Indians are constructed from the skins of animals. And right here we may pause and trace the origin of another famous nursery rhyme to the Indian cocoon cradle, for did not the father of Baby Bunting go a-hunting to get a little rabbit's skin to wrap that mythical baby in? All full blood Kiowa babies are born into the pho-li-yo-ye, or rabbit circle, and are taught to dance in the mysterious circle of rabbits as soon as they learn to toddle, belonging to the rabbit order of the Kiowa soldiery.

Hence a rabbit skin would be a very appropriate wrapping for a Kiowa Baby Bunting, though neither large enough nor strong enough for his cradle. The red deer of the forest, quarry of the redskinned hunter, gives of his beautiful covering to make the cradle that is to swing from the tree top, literally tree tops cut from the cottonwoods and elms that fringe the clear little streams rippling through the Kiowa reservation and piled high on a framework of poles to serve as a "summer parlor" in front of his father's tepee.

The crude deer hide is carefully dressed by a tedious and secret process known only to these Indians, and when finished is as soft and pliant as the most expensive chamois skin. Then loving fingers skillfully embroider with quills beautiful beadwork designs upon the delicately tinted deerskin. Kiowa cradles are more ornamental than those of other tribes, and Kiowa squaws excel in that marvelous Indian beadwork now the popular fad of their paleface sisters. Some of this beadwork embroidery is not only very beautiful, but very elaborate. The Sioux squaws, who alone rival their Kiowa sisters, ornament the cradles of their little ones with bands of deerskin, upon which are wrought in colored beads gorgeous patterns of men, horses, birds, fish and flowers. Instead of a wooden framework they substitute a basket work frame of reeds and sometimes they use seed and grasses instead of beads.

The Cheyenne, Apache and Comanche Indians all use cocoon cradles patterned after the Kiowa cradles, but theirs are not ornamented as elaborately as those of the Kiowas. In truth, the grim and warlike Comanche of the plains wastes very little time in decorating the receptacle of his offspring. A stout piece of deerskin, fastened to an equally stout wooden frame and laced up securely with rawhide thongs, suffices his simple need.

The origin of the cocoon cradle itself, like that of the redskins, seems wrapped in mystery, though we might with reason trace this primitive cradle back to the Lapps of northern Europe, whose babies sleep in little hollowed out affairs swung down from the lower limbs of trees. They are lined with moss and laced up, and in shape are exactly like the primitive Indian cocoon cradle from which the modern cocoon cradle, beautified and improved, has been evolved.

After the beadwork embroidery is completed the deerskin pouch or bag is fastened securely upon a strong board whose two upright handles, projecting above the headpiece or hood, are strengthened by a crosspiece at the back. These handles are very convenient when the mother is busy about her many tasks; if it be warm weather, baby is swung from the top of the brush arbor, his round, brown face peering smilingly from out its trappings of gayly beaded deerskin, his bright little eyes blinking at the sunbeams shining through the leafy roof, or the flames of the nightly campfire leaping up to mingle with the moonlight. When "trading" at the agency stores, the squaw props the cradle, "baby and all," against the counter and goes calmly about the important business of laying in a supply for her family in their tepee far out on the reservation.

Mother love fills the heart of a poor squaw as completely as it does that of her more fortunate paleface sister. Her clumsy fingers fashion playthings of shells, odd shaped bones, carved wooden beads, bright pieces of tin, china or glass, which she hangs about the hood of the cocoon cradle in reach of the chubby brown fists. Baby soon learns to rattle these primitive playthings gleefully.

Srtange as it may appear, the redskinned Baby Buntings seem to thrive in their cramped quarters, but they enjoy as a famous treat a change to the blankets upon their mothers' backs, when the tolling squaws are forced to go down to the scant timber stretches along the creek to bring up firewood and water for the camp.—Los Angeles Times.

THE COTTON MARKETS.

New York, May 29.—The cotton market was very active and unsettled today and fluctuations in the near months were sensationally broader and violent with May at one time showing a net loss of 46 points. Later positions were comparatively quiet and steady. The close seemed steady at a net decline of 4 to 29 points. Sales for the day were estimated at 350,000 bales. The market opened barely steady at a decline of 2 to 4 points in response to lower cables and favorable weather reports. At once after opening, prominent brokers became heavy sellers of the May and July options. These operators were supposed to be working for the local bull clique which has been consistently supporting the market and which has taken up all cotton so far tendered on the May option, and the moment rumors were circulated that the big bulls were unloading and offerings became general. Around 11.10 for May or 21 points net lower the decline was checked by covering, but the market rallied only slightly and after the weekly bureau report turned weak again under a renewal of the selling by brokers supposed to represent bull leaders. This break carried May down to 10.85. July to 10.82 and August to 10.65 or about 17@46 points net lower, while the new crop held within 9 to 10 points of last night's finals. Toward the close there was active covering and a renewal of bull support on which prices recovered several points of the loss. Southern spot markets were unchanged to 3-16c. lower. The local spot market was 20 points lower. It was reported that a few thousand bales of May cotton were tendered during the day and this may have aided the decline. A Wall street firm issued an estimate placing the average condition of the crop at 84.5 per cent and the increased acreage at 9.6 per cent. and this was something of an influence in the early trading. A report issued by the local bull leader late in the day placed the condition at 76.8 per cent.

Receipts at the ports to-day were 16,659 bales against 16,929 last week and 24,010 last year. For the weer estimated 65,000 bales against 75,416 last week and 123,170 last year. To-day's receipts at New Orleans 3,507 bales against 6.493 last year and at Houston 3,378 bales against 3,599 last year.

Spot cottton closed quiet, 20 points lower; middling uplands, 11.70; middling gulf, 11.95; sales, 915 bales.

THE EXPOSITION AT JAMESTOWN

Proclamation by President to Governors of States and Territories

BIRTH OF AMERICAN NATION

States Called Upon to Send Militia to Participate in Commemorating First Settlement of English on on American Continent.

By Wire to The Morning Star.

Washington, May 29.—President Roosevelt to-day issued a proclamation inviting the governors of the States and territories to participate at their own expense in the Jamestown celebration of the first permanent settlement of English speaking people on the Western Hemisphere by sending such organizations of the militia as in their judgement will afford proper military representation.

The text of the proclamation is as follows:

By the President of the United States of America:

A Proclamation.

Wheras, in pursuance of an act of the Congress of the United States, approved March 3, 1905, entitled "An Act to provide for celebrating the birth of the American nation, the first permanent settlement of English-speaking people on the Western Hemispere by the holding of an international naval, marine and military celebration in the State of Virginia; to provide for a suitable and permanent commemoration of said event and to authorize an appropriation in aid thereof, and for other purposes," a proclamation by the President of the United States was duly made and published on March 29, 1905 declaring that there shall be inaugurated on and near the waters of Hampton Roads, in the State of Virginia, an international naval, Marine, and military celebration, beginning May 13, and ending not later than November 1, 1907, for the purpose of commemorating the event set forth also invited all the nations of the earth to take part therein by sending their naval vessels to the said celebration, and by making such representations of their military organizations as may be practicable; and

Whereas Section 3 of said Act authorizes the President "to have such portions of our army and navy assembled there during the said celebration as may be compatible with the public service. And the President is also authorized to invite participation in said celebration by the militia of the several States, but at their own expense";

And Whereas, accordingly in due season the necessary directions will be issued to the Secretary of War and the Secretary of the Navy for the assembling upon said occasion of such portions of our army and navy as will fittingly represent these branches of the public service.

Now, therefore, I Theodore Roosevelt, President of the United States, by virtue of the authority vested in me by said Act and in the name of the government of the United States, do hereby invite the Governors of the several States and territories to participate, but at their own expense, in said celebration by sending such organizations of the militia as, in their judgment will afford proper military representation. The historic nature of this celebration renders it peculiarly appropriate that the representation of the militia, should be commensurate with the interest and pride of our people in their citizen-soldiery who have in the many ordeals of our colonial and national life met their military obligations with superb self sacrifice and devotion.

(The words "at their expense" were in the original Act providing for the celebration between May 13 and November 1, 1907.)

ANOTHER WHITE MAN LYNCHED.

Louisiana Mob Carired Locksmiths and Broke Into Jail.

By Wire to The Morning Star.

Tallulah, La., May 29.—Robert T. Rogers, a whiteman, awaiting his trial on the charge of murdering Jesse Brown, a merchant at Girard, Richland Parish, was lynched by a mob at midnight which came from the west on a special train over the Vicksourg Shreveport and Pacific Railroad. The mob appeared after 10 o'clock and came fully prepared with locksmiths who had no trouble breaking into the jail. The jail was unguarded and the sheriff, who lived some distance away, was not aware of what was going on until he saw the mob leading the man off. Rogers was strung up to a telegraph pole and as soon as they felt assured he was dead, the mob quietly dispersed. The fear that Rogers would escape punishment for his crime because of legal technicalities prompted the lynching. Acording to the evidence adduced at the first trial in March 1904, Rogers and two other white men named Anderson and Womack, together with two negroes, entered the store of Jese N. Brown, a merchant, at Girard, in this parish, and after shooting him a number of times and striking him over the head with their pistols till he was dead, set fire to the body.

PANAMA CANAL $25,460,091

Among Appropriations is $40,000 for Public Building at Elizabeth City, N. C.—Large Sums for Many Important Purposes.

By Wire to the Morning Star.

Washington, May 29.—The Sundry Civil Appropriation bill was completed and Chairman Tawney was authorized by the Appropriations Committee to report it to the House to-day. It is the largest Sundry Civil bill ever reported, carrying $94,346,5[illegible], of which, $25,460,991 is for work on the Panama canal. The amount carried is $11,070,003, less than the estimates from the various departments. The canal appropriation is to be re-imbursed to the treasury from the proceeds of the sale of canal bonds, which have been authorized to the aggregate amount of $130,000,000. Deducting the canal appropriation, the bill carries $1,721,980 more than the current sundry civil act.

For river and harbor work, heretofore authorized and contracted for, there is appropriated $17,318,976, which is $6,[illegible]4,844 in excess of the most available this year.

The new public buildings heretofore authorized and the repair of buildings $5,170,587 is appropriated, a reduction of $2,806,601 from the current appropriation under this head.

Some of the more important items of appropriations are:

Construction of vessels, under revenue cutter service, $270,000! increase of $170,000.

Construction of National museum building in Washington. D. C., $500,000.

Public health and hospital service, $1,185,000.

Quarantine service, $340,000.

Prevention of epidemics, $316,000.

Bureau of fisheries, $670,9[illegible]0.

For enforcement of the Chinese expulsion act, $500,000.

Construction of the office building for the House of Representaties, $500,-

United States Geological Survey, $1,138,320.

Armories and Arsenels, $555,617.

Expenses of the executive mansion, $113,000; increase, $60,000.

Mississippi River commission improvements, $2,000,000.

The bill will probably be called up for consideration in the House Thursday.

FITZ-BURNS FIGHT.

Governor's Instructions to Constabulary Calls for Postponement.

Philadelphia, May 29.—The twenty-round fight between Fitzsimmons and Burns, which was to have taken place to-night before the Tuxedo Athletic Club at North and Singleton, ten miles from this city, has been postponed to Wednesday of next week as a result of the order issued by the Governor of Pennsylvania to the State constabulary to prevent the bout. The officials of the club will at once take legal action with a view of holding the fight on the new date.

SAVAGE MOOD OF CONGRESSMEN

Mad Because Speaker Sends Out and Has Them Arrested For Quorum

UNCLE JOE ONLY CHUCKLED

Told Members of House They Were Legally Arrested and Brought Back to Their Duty—Postoffice Appropriation Passed.

By Wire to The Morning Star.

Washington, May 29.—The aftermath of yesterday's filibustering ending in the arrest and hauling before the House of a number of members, in order to complete a quorum, came in the House of Representatives today on the approval of the Journal.

A number of the members who were "arrested" by the Sergeant-At-Arms during the call of the House, last night, were still in a savage mood to-day when the House convened and they had personal reasons to assign why they were absent on roll call.

Throughout the whole of the discussion which was precipitated by the motion to approve the journal, the Speaker of the House sat almost immovable, now and then indulging in a quiet chuckle over the discomfort of his friends.

When his right, to direct the issuance of the writ of arrest, was attacked, the Speaker following an exposition of the rules, terminated further argument by asserting that "the gentlemen had been legally arrested."

The rules of the House as to the presence of members, were brought home to the members and during the rest of the day, while the House had under consideration the diplomatic and consular bill, a quorum was continuously present.

After completing most of the bill, the House at 5 o'clock adjourned until noon on Thursday.

The Senate.

Washington, May 29.—The Senate to-day passed the Postoffiec Appropriation bill carrying the appropriation of $192,495,000 and immediately afterwards adjourned over Memorial Day until Thursday. The entire day was devoted to the consideration of the bill as a whole and special features of the bill. The debate dealt with the questions of the fast train to the South, second class matter, including the admission of the mails of the publications of colleges, universities and charitable and educational institutions to the mails as second class matter, subsidies for Pacific Mail steamships, and questions relating to the boxes used on rural free delivery routes.

SOUTHERN RAILWAY SUBSIDY.

Senator Simmons' Makes Losing Fight Against It.

By Wire to the Morning Star.

Washington, May 29.—The Senate again to-day had under consideration the subsidy for the Southern fast mail train, and Senator Mallory presented an amendment in the nature of a substitute for the Senate amendment providing that the Postmaster-General shall not be authorized to expend the money appropriated "unless it be necessary to provide the same or as good a service as now provided."

Senator Simmons opposed the amendment, saying that as there are three railroad lines to the South, equally as good if not better service would be secured without the subsidy. He said that no investigation as to the need of the service had ever been made by the Postoffice Department and contended that such inquiry should be made before the money is expended.

Senator Mallory defended his amendment as the subsidy is in the interest of an improved mail service. He said that the Southern Railroad on which the fast mail trains runs is the most direct route from Washington to Atlanta. Senator Money also spoke in support of the subsidy plan, saying that it had done much in the past twenty years to keep the South in touch with the country at large. He opposed all efforts to give the Postmaster-General discretion in the matter of sustaining the system.

Senator Bacon and Foster also defended the present service. The Georgia Senator contended that if the Mallory amendment should be accepted it would have the effect of doing away with the subsidy character of the appropriation, whil Mr. Foster declared that the committee amendment would have the effect of discontinuing the expedited service.

Senator Pettus also spoke in support of the expedited service. After he concluded, the Mallory amendment was adopted.

At Minneapolis, Minn., last night Dr. J. G. Force, was found guilty of embezzling 135 shares of Metropolitan Bank stock from the Northmestern National Life Insurance Company, of which he was president. The trial lasted eight days.

HEPBURN RATE BILL BEFORE CONGRESS REFEREES

FIGHTING BEGUN IN GUATEMALA

Reports That Revolutionists Captured City But were Forced to Retire

STRONG FORCES IN FIELD

Government Asserts That Uprising Has Been Crushed—Mexico Doing Everything in Her Power to Protect Her Border.

By Wire to The Morning Star.

Mexico City, May 29.—General Castello, commanding one department of Guatemalan revolutionists, after taking the city of Ocos were force dto retire before superior forces. Castello is now reported to have taken a new base and will be re-inforced to-night by several hundred good fighting men from the steamer Empire City. General Barillas is in the mountains making his way to Quezaltenango. Barillas has with him a fine body of picked men and is reported to be steadily recruiting his force. No news has been received here from Salvador, but the invading force should by this time be well advanced into Guatemala.

Resident Guatemalans here state the whole country is ripe for the overthrow of Cabrera. The season of rains has set in and the roads are bad in Guatemala.

Telegraphic communication is difficult owing to the cutting of wires on the Guatemalan side.

Messengers on horse back will be dispatched from Ocos, where Major Castello has his forces, and from the flying column of General Barillas, who is pushing on to Quetzaltenango, a city of 40,000 inhabitants. This city is likely to be occupied by General Barillas Wednesday on Thursday of this week. He is immensely popular in that region.

The revolution is said to be the most widely spread of any in the history of Guatemala. Foreign planters have been waiting for months for General Barillas to act.

Practically all foreign interests and the better class of natives support the revolution. Frequent abuse of power is charged to the government.

General Barillas and General Castello and two aides left the city by strategy. May 11th, they bought tickets to El Paso over the Mexican Central. They boarded the night train, but left it a few miles out and returned here where they boarded a Pullman car stocked with provisions and carrying their saddles and special luggage. In this car they went over the Vera Cruz and Tehunatepec railways to Tonala on the Pacific coast, there switching to the new pan-American railway which now approaches the Guetemalan boundary. Their start towards the United States outwitted the Guatemalan representatives here.

Washington, May 29.—Guatemalan revolutionists, who attacked Ocos have been driven dack across the Mexican borders, but small parties of revolutionists are appearing at various other points along the Mexican boundary and threatening the Guatemalan government. This information was contained in a dispatch received at the State Department to-day from Mr. Combs, the American minister at Guatemala and Honduras.

Mr. Munoz, the Guatemalan minister, had a long conference at the State Department to-day with Secretary Root. He called to get information of the revolutionary movement in his country. So far he has had no advices whatever concerning the movement against President Cabeira.

There is nothing in dispatches Secretary Root has received which shows that the lives and property of the American citizens are in danger and no steps have been taken to send a warship to Ocos. The cruiser Marblehead is at Panama and is only three or four days from the scene of the insurrection. But with the unsettled political condition at present existing in Panama it is not likely that the Marblehead will be taken away from that port.

Mexico is doing everything in its power to protect its border and to avoid becoming entangled in the Guatemalan revolution, according to a dispatch received to-day by the State Department from the American embassy in the City of Mexico.

Panama, May 29.—The Associated Press has received the following dispatch:

"Guatemala, May 29.—9:12 A. M.—Revolution started, but already crushed.

"(Signed) "ESTRADA CABRERA."

Jim Crow Clause Got Republicans on Anxious Bench

TILLMAN STANDS PAT

Negroes In Northern States stirred Up On Separation of The Races

NO AGREEMENT IS IN SIGHT

Few Amendments Tentatively Agreed Upon, But Difference Over Most Important Ones Promises to Prevent Action on Bill.

Washington, May 29.—At an all day's session of the conference on the railroad rate bill to-day a number of undisputed amendments were agreed to tentatively, all of the disputed points were passed over and considerable time was devoted to a discussion of the so-called "Jim Crow" car provision. This amendment has given the Republican conferees some concern because of the opposition made by Northern negroes against the alleged principle involved in the seperation of the races. Senator Tillman announced that he would not consent to any change in the Senate provision.

When the conference adjourned for the day every amendment in the bill had been gone over. Twenty-two of the fifty-three amendments have been disposed of, either by acceptance or rejection,, the indication being that most have been accepted.

The important amendments are still subjects of consideration, and the indications are that a speedy agreement cannot be hoped for. The express company amendment is still disagreed to; the pipe line amendment is also one of them not settled.

Considerable time was spent to-day in discussing the amendment requiring five days notice before the insurance of an injunction to enforce an order of the commission.

DEMOCRATS ROW IN TENNESEE

State Convention at Nashville Most Turbulent Ever Held in The State

FREE FIGHTS, PANDEMONIUM

Police Intervention Necessary From Birmingham—Many Counties Sent Contesting Delegates—Governor and Railroad Commissioners to Be Named.

By Wire to The Morning Star.

Nashville, May 29.—The State Democratic convention which met here today to nominate candidates for Governor and railroad commissioners, adjourned at 6:10 this evening until 10 o'clock to-morrow morning without effecting even a temporary organization. It was decidedly the most turbulent body of the kind that ever assembled in Tennessee. Pandemonium and free fights followed police intervention were the rule and it was with the utmost difficulty that any sort of record of the proceedings could be made.

Adjournment came after an understanding had been reached between the leaders of the opposing factions that the three gubernatorial candidates, Governor John I. Cox, Congressman Malcolm R. Patterson and Judge John R. Bond should name four representatives on a committee to decide on a temporary chairman. Before this agreement the battle over contested delegations occupied the entire time of the convention, which is unusually large. Many counties are contested and the auditorium where the convention sat, was taxed to its utmost capacity.

The services of the police were necessary from the outset. Vice-Chairman W. K. Abernethy, of the State committee, called the convention to order at noon. There are confusion at once and when the call of counties for nominations for temporary chairmen began the uproar steadily increased. When Davidson county was reached a batle royal was on, the wildest excitement prevailing. The county was finally passed, the contest going to the committee on credentials yet to be named, and slowly the
